## Barnet Sports Awards 2010

It was a big night for our students when it comes to sport in Barnet. Every year Barnet celebrate the local people who contribute to the sporting scene in the borough, in which unsung sporting heroes are recognised for their sporting achievements and commitment to sport and physical activity in Barnet.

Three of our students were mentioned for their outstanding contribution to sports in Barnet. Louise Reeves and Phillip Du were awarded for their efforts in the Barnet Youth Games. Neil Smyth was awarded Sports person of the year runner up for Barnet. He also won 400mtr gold in the London Youth games helping Oak Lodge come 1st in the points table.

As a school we have been involved in many of Barnet's sport activities including swimming meets, football matches, cricket games and all round sports involvement. We are really proud of all of our students and the involvement they have in fitness both inside and outside the school. A big thank you goes to Mrs Dingwall, Mr Licudi and Mr Asbury for their effort in supporting and encouraging the students.

Louise Reeves

Neil Smyth

Phillip Du

## From the Head Teacher

Congratulations to Miss Mason and Miss Csesko who were both awarded an MSc in Special Education from the University of London Institute of Education this week.

We were really pleased this week to hear that we have regained our Department of Education Financial Management in Schools Standard.

We asked all of the staff and students this week if we should keep ringing the bell at the end of lessons and break-times. Over 100 students and nearly all the staff voted to keep the bell but some suggested that we could alter the tone which Mr Kingham is experimenting with!

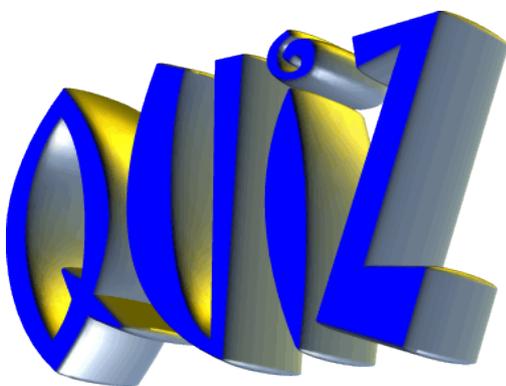

We will shortly be sending out tickets for our Christmas Raffle which is our major fundraiser of the year. We would be very grateful for any 'prize' donations!

Lynda Walker

We are implementing a new texting service that let you know any important information such as if the school is closed due to weather.

Can you please make sure the school has your correct mobile number so we can include you on the text list.

Thank You

The Hearts of Oak Quiz Night is on again.

25th November

Oak Lodge School

7:30pm

Tickets still available from the school.

## From the classes.

L3 Class are beginning to learn in their new maths unit that using a measuring jug to measure a shoe, and a ruler to measure a container of juice are pretty tough things to do! We have also spent some time looking at the history of WWI, II and more recent conflicts, asking ourselves why we should be grateful for those that have sacrificed themselves so that we can grow up in a more open, understanding and better world.

On Armistice day, S7 looked at the history of the poppy and why we use it to remember those who were killed or injured in wars.

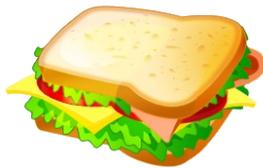

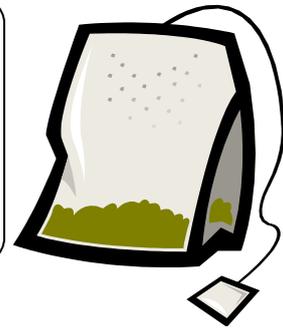

This week S5 have been doing that computers different part of the computer. There is software and hardware. We did a test letter about Macbeth. We work so hard this week!!!! Louise and Neil had a reward last night!!!! They won awards at the Barnet Youth Sports Awards. Neil came runner up student in Barnet. Well Done both of you.

S3 have started a new Physiotherapy class, this will help them improve their hand strength and co-ordination. You all worked hard girls, well done!

This week S8 have thought about Remembrance Day. It is a day when we remember the soldiers from the wars. Today Jack and Alex went to Dr Hungry to have something to eat and drink. Jack ate a ham and cheese sandwich and a cup of tea.

L3 had an interesting lesson this week on World War 2. This helped us with our thinking on Remembrance Day.

S4 have learnt about Remembrance Day. They had fun creating a Poppy Wreath.

L2 have been learning about bodies, and the names for different parts. We have also been learning about new and old buildings along the River Thames.
